Sussex Watercolourists

SUPPORTING LOCALS AGAINST MAYFIELD BUILDING SPRAWL

INTRODUCTION

This collection of work depicts the beautiful countryside at risk from Mayfield Market Towns proposals. It has been created by a small group of professional and amateur artists from around the area and is now on sale to raise money for the LAMBS Fighting Fund.

The collection includes work by two members of the Sussex Watercolour Society; Penny Hopkins and Alison Sibley and popular Hurstpierpoint artist, Mary Faux Jackson.

Penny grew up in Hurstpierpoint and now lives near Wineham. She has been a member of the Sussex Watercolour Society for more than 30 years and has exhibited for the prestigious Royal Water Colour Society and throughout Sussex and London. Her work is now in private collections across the world.

Alison, who is also a member of both the Sussex Watercolour Society and The Association of Sussex Artists exhibits across the county and in London. Most of her work is on canvas and is unique for its use of texture.

Mary whose work can be seen in Hurstpierpoint Open Studios also sells paintings widely both at home and abroad. Mary started her artistic career printmaking but over recent years has begun to work increasingly in oils and watercolours.

Penny, Alison and Mary are joined in this collection by eight talented amateurs who have produced a stunning range of beautiful local views in oil, acrylic and watercolour.

The paintings are available for sale immediately and can be viewed at Penny Hopkins studio by appointment Penny Hopkins at penjohnart@icloud.com.

Any remaining pictures will be offered for sale at the Yellow Ribbon Ball at Hickstead Showground on Saturday, 11th October 2014.
