

## Gritting reinstated...

I am pleased to tell you that West Sussex County Council has just announced a "U" turn on its decision to stop gritting Edburton/Poynings Road.

This follows pressure from the Parish Council and residents, as well as intensive lobbying by our local County Councillor Joy Dennis and prospective Conservative Parliamentary Candidate Andrew Griffith. Big thanks are due to Joy and Andrew who (amongst others) helped to convince WSCC to change its mind and who both turned up at our Christmas party on Saturday to hear the views of residents first hand.

A West Sussex County Council spokesman said: *"The cabinet member for highways and infrastructure has asked officers to ensure that sufficient gritting equipment is available to reinstate the former gritting routes during this winter."*
