Police pursue a motorcyclist to the Shepherd and Dog

Posted on Friday 10th April 2020

Police chased a motorcyclist from the M23 to the Shepherd and Dog yesterday. Our man in the pub car park reports that five police cars and a helicopter were used in the pursuit. One constable went into the pub to check their CCTV images. She described the incident as "just someone being silly". The Argus now tells us that "a 25-year-old man from Worthing has been reported for dangerous driving, speeding and failing to stop. His bike was also seized."
